GENERATION Z

donzimarine.com

Donzi has seen the future and the future is donzimarine.com!

Unveiled this year, donzimarine.com is the most comprehensive website on the internet dedicated to the Donzi lifestyle and Donzi owners.

This incredible new website offers features that will keep you coming back for more. At donzimarine.com you'll find detailed information on every boat offered by Donzi including specifications, available options, standard features, painted graphics packages, performance information, and much more!

Donzi didn't stop there. If you're in the mood you can pop over to the "Channel Z" section and check out what Donzi events are going on around the world and in your local area, see the awards that have been presented to Donzi, peruse pictures of Donzi owners and their boats, read comments from owners, download and print magazine articles written about the Donzi boats, and you can even find out what new movies are coming to theaters starring Donzi!

This is not just a website! It is the community for Donzi Marine and Donzi owners around the world!

We invite you to log onto donzimarine.com and become part of Generation Z!

*Think of it as a high-end European motor, able to run the ultimate stepless Parasol.

Presenting the ultimate power trim: The Drop. 38 ZX. Capable of speeds in excess of 60 mph, the 38 ZX is set for the future. Turn the key, then up to 1,200 RPM. Classic is a full-time boat. The ultimate in boat.

The Z-Care 5-Year Limited Warranty.

We Build Performance Boats and We Back Them Like No One Else!

Imagine this: No worries, pure enjoyment. You drive the boat, we take care of it.
Simple?

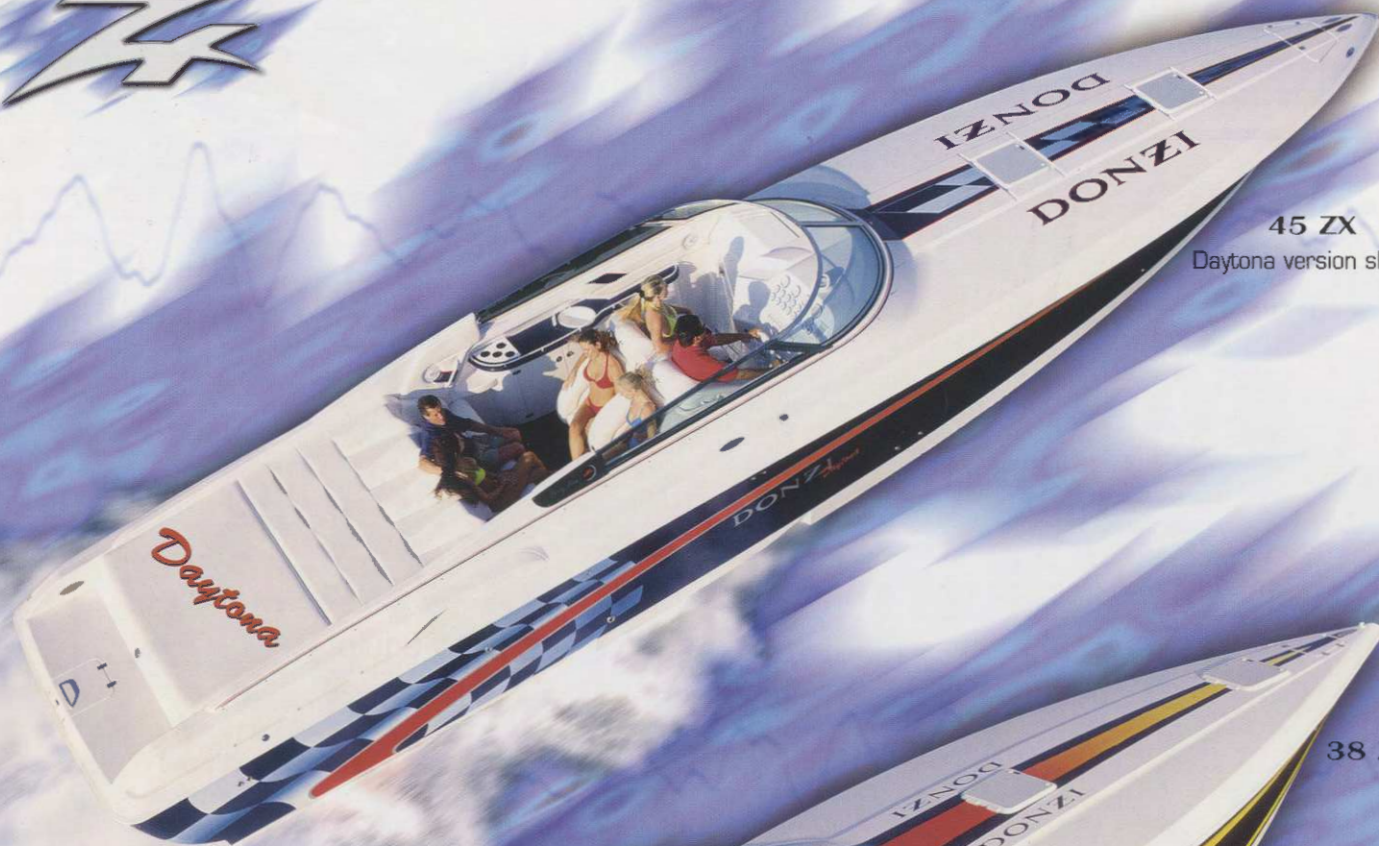

That's Z-Care. Donzi's exclusive 5-year comprehensive warranty program that backs your new Donzi on the majority of factory built components, factory installed equipment and factory installed after-market accessories. And it comes standard on all 2002 Donzi models.

It covers a variety of items on factory-installed engines, out-drives, mechanical systems, controls, electrical systems, electronics, plumbing, lighting, stereo, galley equipment, and more! Better yet, Z-Care comes with a toll-free claims hotline, towing and dockside assistance on covered breakdowns,* and is transferable to the next owner.
It's that simple.

How can Donzi do this? Build better boats and back them better. That's how.

So go ahead and have all the fun. We'll be the responsible ones. It's that simple.

*See the Z-Care Handbook for complete list of items covered.

Generation Z. The Biggest, Fastest, Best Performing Boats in the World. Beyond Performance. Speed Boating Re-defined.

These are just some of the tag lines used to describe the boats of Donzi. And the ZX line personifies every one of those powerful statements.

The 45 ZX, 38 ZX and 33 ZX are the ultimate power trip. These big boys are big on speed, big on performance and big on luxury. Capable of speeds in excess of 100 miles per hour (with optional power), the ZX line is not for the timid.

These award-winning models offer features like no other. From the deep interior freeboard, composite hull and deck construction, vacuum bagged hulls and transoms, custom hardware, Z-Tech ventilated stepped hull, oversized cabin, and much more, these boats defy the law of physics.

Donzi not only set the standard of high-performance boating, they shattered every notion and conceivable image of what a performance boat should look like and how a performance boat should handle. And here are four examples of how they accomplished that goal.

The 28 ZX, 28 ZX0, 26 ZX, and 22 ZX have been designed to offer state of the art construction, deep interior freeboard, large cabins, race style seating, custom appointments, Z-Tech ventilated stepped hulls, wide beams, and all while never once sacrificing performance and speed.

If you're looking for something exciting, furious and fast in your life, you're sure to find it at donzimarine.com.

Center console performance. What an interesting concept. One defined and perfected by the designers, engineers, and employees of Donzi.

The ZF line has become known as "the biggest and fastest" performance fishing boats in the world. And given the enormous deep cockpit interiors, wide beams, incredibly smooth ride, and unparalleled speed, the 35 ZF Open and Cuddy versions and 32 ZF have no competition.

And it's no wonder that professional anglers across the country choose Donzi. As a matter of fact, the most coveted offshore fishing award was just won by our Team. Chris Chase, Jan Chase & Rob Dunagan beat out all other pros in Chris's 32 ZF, "The Chase," earning Chris Angler of the Year status in the Southern Kingfish Association. This makes three times in four years that Team Donzi has earned this most prestigious award! Our congratulations to Chris Chase and his entire crew!

For more information on all ZFs, ZF Daytonas, and ZF Pro Series models, log onto donzimarine.com and see how the 35 ZF and 32 ZF have changed the face of performance fishing forever.

Midsized center console performance. Sounds good doesn't it? And looks even better!

The 29 ZF, 26 ZF and 23 ZF are the boats other performance fishing boats aspire to be. Big, fast, beautiful and sexy, these three models will get you to the fish in style.

With performance and fishing features only Donzi could offer, it's easy to see why the ZF line has continuously out-sold and out-performed all other performance fishing boats available today.

Simply put, the 39 ZSC is a fine work of art.

Words may not be able to describe it but we'll give it a try - chic, awe-inspiring, astonishing, big, sensuous, fast, European, incredible, stimulating, all-inclusive, incomparable, flowing, alive, smooth, safe, upscale, plush, rich, decadent, perfection.

From the moment Donzi introduced the 39 ZSC it was an instant best seller. And once you step aboard you'll understand why this luxury performance boat has absolutely no equals.

Owners' Clubs

Donzi owners are a different breed. They want the best and they expect the best. They work hard and they play hard. They love life.

Donzi owners know they are a part of the true boating lifestyle. And any Donzi owner will tell you that once you buy a Donzi and go to one of the Donzi owner's events there is no turning back.

There is a bond between Donzi enthusiasts that goes beyond explanation. They are part of an elite group. A group that all other boaters envy. No other boat company or boat brand in the world has a more loyal group of owners.

We at Donzi Marine recognize the importance of our owners. They live the lifestyle and the experience. They are the "Donzi Mystique." We are honored to be a part of their lives.

Log onto donzimarine.com to find the next event or one coming to your area.

"There is no feeling in the world that compares to the one I get when I wake up early in the morning, put my boat in the water, wipe the dew off as the sun rises and head out on the water. I am truly at peace with myself. I listen to the rumble of the engine and watch the water go by as I ponder life. I don't know if it's spiritual, mental or physical, but I do know this; it's moments like this that make living worthwhile."
